AIA Malaysia has been named the No. 1 Million Dollar Round Table (MDRT) company in Malaysia for the fifth consecutive year.

The insurer said yesterday with 643 MDRT qualifiers, it was the only Malaysian company to break into the global Top 20 list of companies with the most number of MDRT members.

It said the AIA Group had also made history by being the only multinational company in the world to achieve the largest number of MDRT members for the sixth consecutive year, with 12,796 agents and agency leaders registered as MDRT

members as of this month.

MDRT is an association of the world's leading life insurance and financial services professionals. Its membership is recognised as the standard of excellence in life insurance and financial services.

Members are required to generate a certain level of premium, commission and income, in addition to demonstrating professional knowledge, strict ethical conduct and outstanding client service.

AIA Malaysia chief executive officer Ben Ng said the achievement was a testament of its life planners' commitment and dedication in serving customers.

"This recognition will serve as further motivation in our quest to help Malaysians live healthier, longer, better lives," he added.
