## Touch 'n Go eWallet adds SafeTrip to its offerings

**PETALING JAYA:** Touch 'n Go Group, via TNG Digital Sdn Bhd (TNG Digital), the owner and operator of Touch 'n Go eWallet, has launched SafeTrip – its second insurance product collaboration with insurer AIA Malaysia.

SafeTrip is a travel insurance plan for both domestic and international travel.

The scheme covers travel inconvenience, medical expenses, personal accidents, and extra Covid-19 protection. It also gives international travellers an option to top up their coverage for medical expenses related to Covid-19 of up to RM250,000, enabling them to meet the requirements of their destination country, according to Touch 'n Go.

SafeTrip costs RM3 per day for domestic trips and RM10 per day for short trips in most Asian countries. Besides enjoying a rebate of up to 25% on their premiums for domestic plans and selected international destinations, Touch 'n Go eWallet users will also receive an additional premium discount of 5% if they travel in a group of five or more, it added.
